Description of the activity:					

11.11.11: support for the climate actions of this N.G.O.

11.11.11. is a Belgian non-governmental organisation that organises actions for developing countries in the third world. The concern for our climate is also an important theme. Our school took part in the action 'weer een auto minder' ('less cars on the road') We have been encouraging our

pupils to come to school by bike. More than 90% of our pupils come to school by bike. That means there are less cars on the road in Oostkamp. A good idea for the climate and for the safety on our roads.

All our pupil's bikes got a small plastic card with the slogan of the action.

Because road safety is an important issue all our pupils also got an 'eye catcher' it is a fluorescent bag you can put over your backpack when you are on the road. It increases the visibility. A good idea for the dark winter days in Belgium. Our school is also preparing maps with the safest bike roads to come to school. This is a cooperation with the other school in Oostkamp and the local community.
