Description of the activity: Collecting Caps for Charity				

Collect-A-Cap Campaign for Charity was launched in our school last year. It seemed like a daunting challenge at first, especially as so many people never even think about the tiny pieces of plastic. However, the campaign and our efforts have proved to be successful. Our students have been actively involved in gathering plastic bottle caps to help raise funds for a life-changing prosthesis for a three-year old boy Adrian Depta. We have deposit boxes in our classrooms, staff room and corridors and everyone has learnt to save bottle caps so that they can be used for a good cause. Adrian Depta was recently fitted with a prosthetic limb.

We can make a difference in this world!
