Description of the activity:					

Cleaning up the world

Students from our school took part in the cleaning up the world event. The organizers of the action are environmental organizations Nasza Ziemia (Our Planet) and Cleaning Up the World-Poland.

Two of our mid-school classes – 1ag and 1b together with their geography and biology teachers cleaned up the most neglected parts of the park. Pupils filled up plastic bags with all kinds of garbage, mainly plastic and glass bottles.

It was a very valuable lesson for all of us. We realized that litter destroys and spoils the natural environment.
